Not responsible for stolen articles.  
Judges decisions are final.

The articles of a collection of display cannot be entered separately for individual premiums. ALL grains and grasses must be this year's crop unless otherwise specified. Bundles or sheaves to be four inches in diameter at band. Owing to the fact that some fields may not have matured sufficiently to make possible a proper selection of this year's corn, complete classes have been made for both this and last year's corn. Save this year's corn to show next year. Anyway, it is always a good policy to carry a good portion of your seed corn over the season to use in case the current year's crop fails to mature.

#### RULES GOVERNING EXHIBITS:

1. All articles competing for premiums must be grown in Benton, Morrison, Sherburne or Stearns counties, by the person in whose name they are entered.
2. All articles must be correctly labeled with the name of the variety.
3. Varieties entered for premiums for special purpose must be adapted to such purpose to receive awards.
4. Premiums will not be awarded to inferior collections or specimens if there is no competition.
